Little Wandle Letters and Sounds Revised 2021: Programme progression Reception and Year 1 overviews

This programme overview shows the progression of GPCs and tricky words that we teach term-by-term. The progression has been organised so that children are taught from the simple to more complex GPCs, as well as taking into account the frequency of their occurrence in the most commonly encountered words. All the graphemes taught are practised in words, sentences, and later on, in fully decodable books. Children review and revise GPCs and words, daily, weekly and across terms and years, in order to move this knowledge into their long term memory.

Children need to learn to read as quickly as reasonably possible, so they can move from learning to read, to reading to learn, giving them access to the treasure house of reading. Our expectations of progression are aspirational yet achievable if schools maintain pace, practice and participation by all children. Children who are not keeping-up with their peers should be given additional practice immediately through keep-up sessions.

How do we teach reading in books?

Reading practice sessions are:

- timetabled two times a week
- taught by a trained teacher/teaching assistant
- taught in small groups.

We use assessment to match your child the right level of book

Reading a book at the right level

This means that your child should:

- Know all the sounds and tricky words in their phonics book well
- Read many of the words by silent blending (in their head) – their reading will be automatic
- Only need to stop and sound out about 5% of the words by the time they bring the book home – but they should be able to do this on their own.

- Fluency

defined as **the ability to read with speed, accuracy, and proper expression**. In order to understand what they read, children must be able to read fluently whether they are reading aloud or silently.

- Prosody

The patterns of stress and intonation in language

- Comprehension

Understanding what they have read.

Listening to your child read their phonics book

- Your child should be able to read their book without your help.
- If they can't read a word read it to them.
- Talk about the book and celebrate their success.
- Try to read the book **multiple times** to best support your child's progress.

The most important thing you can do is read with your child

Reading a book and chatting had a positive impact a year later on children's ability to...

- understand words and sentences
- use a wide range of vocabulary
- develop listening comprehension skills.

The amount of books children were exposed to by age 6 was a positive predictor of their reading ability two years later.

Year One Phonics Screening Check

W/C Monday 8th June 2026

The screening checks that your child can:

- Sound out and blend graphemes in order to read simple words.
- Read phonically decodable one-syllable and two-syllable words, e.g. cat, sand, windmill.
- Read a selection of nonsense words which are referred to as alien words.

fair

flute

goat

shine

yex

dight

chax

zear

jung

liff

The check is not about passing or failing but checking appropriate progress is being made.

Children progress at different speeds so not reaching the threshold score does not necessarily mean there is a serious problem. Your child will re-sit the check the following summer term.

If you have any concerns about your child's reading progress, please talk to us.
