Whole School Curriculum Intent:

<i>We can build knowledge and skills</i>	<i>We are creative</i>	<i>We are resilient</i>	<i>We understand ourselves and each Other</i>
<p>We strive for all of our children to have competency in the basic skills of reading, writing, maths and communication to underpin their learning, give them access to the broader curriculum and build their confidence as learners.</p> <p>We want our children to know more, remember more and be able to do more as a result of every learning experience across the curriculum.</p> 	<p>We want our children to be creative in their thinking so that they use their knowledge and skills to solve problems and create new knowledge, skills, thoughts and objects which give them enjoyment and inspire them to take their learning further.</p> 	<p>We need our children to develop independence and resilience so that they are able to grow as thinkers and learners.</p> 	<p>We aim for our children to develop empathy, awareness, respect and tolerance in-keeping with the school's No Outsiders values.</p> <p>We also want all of our children to understand themselves and be ready for the next steps in their education and the wider world.</p> 
<i>What does this look like?</i>			
<p>Achieve well in reading, writing and communication, including being at the age related expectation in early reading and phonics.</p> <p>Can build on previous learning.</p> <p>Can access new learning experiences.</p> <p>Value and enjoy success in the core subjects.</p> <p>Choose reading and use reading effectively.</p> <p>Apply maths, reading, writing and communication across the curriculum.</p>	<p>Reflect, adapt and develop ideas.</p> <p>Explore concepts.</p> <p>Make links across the curriculum.</p> <p>Ask questions and are curious.</p> <p>Use initiative.</p> <p>Hypothesise and generate ideas</p> <p>Communicate learning.</p> <p>Direct own learning through range of skills.</p> <p>Can argue and use evidence.</p>	<p>Bounce back and try again.</p> <p>Try new things and take risks.</p> <p>Manage their own things, time and learning as appropriate.</p> <p>Engage with extra-curricular activities.</p> <p>Solve problems through perseverance.</p> <p>Work towards a goal.</p>	<p>Listen to others.</p> <p>Can work in a group and cooperate with others.</p> <p>Assess own success and learning.</p> <p>Take turns and are patient.</p> <p>Use manners and are polite in interactions with everyone.</p> <p>Can manage emotions and support others.</p> <p>Show respect.</p> <p>Are kind and begin to show compassion.</p> <p>Can follow the Golden Rules.</p> <p>Can express themselves.</p>

Music Intent

Music is all around us. It is the soundtrack to our lives. Music connects us through people and places in our ever-changing world. It is creative, collaborative, celebratory and challenging. *Model Music Curriculum*

We can build knowledge and skills

We provide a music curriculum that aims to ignite a passion for music, encouraging all children on their individual musical journeys.

Develop intrinsic musical skill, knowledge and understanding by exposing the children to diverse musical experiences.

The curriculum is planned to embed and develop new knowledge and skills, as well as deepening their understanding and application of previous learning. This spiral approach leads, to deeper, more secure learning and musical mastery.

We are Creative

Listen and respond to different music styles, encouraging all children to find their voices as singers, performers and as composers.

Sing and use their voices to create different effects.

Play a wide variety of instruments, both un-tuned and tuned.

Sing, feel a pulse, add melodies and fundamentally use music as a form of expression, both independently and working as part of a team.

Create their own music compositions through the use of instruments and technology, both on their own and with others.

We are Resilient

Become confident in expressing themselves through music and be able to talk about how music makes them feel.

Develop patience as they practice and perform.

Be able to refine their musical ideas and performances on the advice of others.

Become independent learners, reflecting upon the progress they have made and develop resilience within the musical world.

We Understand Ourselves and Each Other

Perform in class, to parents and the wider community, developing an understanding of the value and significance of music in their own lives and the impact music has within the wider world.

Listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, in as many ways as they choose- either as listener, creator or performer.

Listen to and evaluate their own musical performances and the work of great composers, expressing their likes and dislikes, making judgements, as well as self-reflection.

Music Implementation

We follow the Original Charanga Musical scheme in Reception. This half-termly (6-step) focus-based approach, includes a variety of adult-led and child-initiated activities. It is delivered through play based activities, with all musical learning being focussed around nursery rhymes and action songs. Each Unit of Work has a musical focus that engages the children in activities related to the developmental events taking place in their changing lives.

In Key Stage 1 and 2, we follow Charanga's scheme for Model Music Curriculum. This scheme follows a differentiated, spiral approach to musical learning which responds to the national requirements for musical education. Within each unit of learning, students revisit existing knowledge and skills and then build upon and extend them incrementally. In this manner, learning is consolidated and augmented, allowing increasing musical confidence, while constantly being gently challenged to go further.

This six-week Unit of Work is aligned with the official National Curriculum for Music and the non-statutory Model Music Curriculum Guidance published by the DfE in 2021. It is clearly sequenced with high musical expectations that give all children the opportunity to learn about, enjoy and explore music.

Each unit sets out sequences of learning around a song in key musical areas which, over time, all contribute towards the steadily increasing development of musicianship:

- Listening • Singing • Playing • Improvising and Composing • Performing

Alongside the Charanga scheme, all children in Key Stage 2 are also offered the opportunity to learn to play the ukulele with a peripatetic teacher, organised by Music Partnership North.

Delivery:

Music is taught as a part of continuous provision and as discrete lessons in Reception. In KS1 and 2, there are six units for each year group, each unit consists of 6 lessons which are usually taught discretely. It can be taught weekly across six half terms or some units can be delivered on a music focus day or across several afternoons. We have built in flexibility to ensure that music is not 'squeezed' out of the busy curriculum. In KS2, each class will also receive 2 terms of whole class tuition across the academic year, which is taught in 30 minutes sessions, once a week.

Please see Long Term Plan for Music for more information.

Lessons and Learning in a Spiral Curriculum:

As lessons progress through the units and year groups, the key learning is repeated, musical skills are reinforced and the learning deepens. Children quickly become familiar with the musical activities, through which they acquire new, or reinforce previous, musical knowledge and understanding. To support intense and rapid learning, the musical activities are designed in one of two ways:

1. The activities can be a repeat of the previous week, in order to embed and rehearse key musical skills.
2. The activities can be a repeat of previous musical skills but have different content, in order to strengthen and apply previous musical learning.

Unit structure:

Baseline Quiz	(At the start of each unit only)
Lesson 1 and 2:	Playing
Lesson 3, 4 and 5:	Improvising and Composing
Lesson 6:	Performing

The structure of each unit can be adapted. Teachers meet with the music lead to discuss this and ensure that any adaptations still include coverage of the key musical skills.

A Typical Music Lesson at Havannah First School

Each KS1 and 2 lesson typically follows the following format:

1. **Understanding Music** (learn, embed and revisit all the musical learning for the unit)
2. **Listen and Respond:** This activity has three on-screen tabs to work through:
 - Listen
 - Respond
 - Did you know?
3. **Singing:** The children will listen and learn to sing the song chosen for each unit.
4. **Playing, Improvising or Composing** (See unit structure): Introduction to musical aspect being taught during the lesson. Children practicing and exploring as they apply and further develop their musical knowledge and skills linked to the musical element being taught.
5. **Performing:** The children will have the opportunity to share the learning that has taken place during the lesson.

An emphasis is placed on musical vocabulary, allowing children to talk about pieces of music using the correct terminology.

At the centre of unit of work, is a song around which the musical learning is centred.

Within every lesson and unit, children have a performance goal and therefore prepare for a performance based around the song chosen for each unit. There may be an opportunity to perform a song for an audience e.g. another class or class assembly. Performing and sharing a song can become a key part of musicianship.

Videos are used to capture ideas and work or performances throughout the units.

Singing is part of our daily routines, including lining up and at the end of our day. Singing is also used to support learning across other areas of the curriculum.
