

# Class 3 News

Welcome back to the final half term of the year in Class 3. I hope that you all enjoyed your holiday and that you are ready for another busy few weeks. I can't believe that this is the final half term of the year and we only have 7 weeks left before the summer break! The year has whizzed by and we determined to make the most of our lovely new school and finish the year in style.

We look forward to seeing you at our class assembly on Thursday 16th June. The children have brought home lines to learn this week, so your help with this would be greatly appreciated.

We have an exciting new Topic "What is it like where we go to school?" This is a geography based topic and it will be a great excuse to get out and explore our new local area. More details about this topic can be found with the attached curriculum information.

We will continue to change the children's reading books on a Wednesday and Thursday. Please make sure your child has their books in school everyday, for our daily reading time. Little and often is key to good reading progress. Even a few minutes a day will make a big difference. Asking your child questions about their reading book is also invaluable and it is a good way of checking they are understanding what they have read.

## PE

Our PE days continue to be on a Wednesday and Thursday. Wednesday is our lesson with Lewis from Newcastle United Foundation and on Thursdays we will be focusing further on our Athletics skills, making use of the running track and the MUGA. The running /bike track is fairly rough and stony, so having appropriate footwear for PE is particularly important this half term.

The photos below are a snapshot from last term. Please follow us on Twitter to see more photos like these. We are @Class3HFS

It was great to see so many of you at the Children's Cancer Run. We are super-proud of everyone who took part. Keeping fit and active is a vital part of our PE curriculum. We will be continuing to enjoy our daily run and movement breaks to keep our bodies moving and help with our fitness, concentration and resilience. This term, we will be assessing the children's writing in Year 2. It is also a busy start to the term in Year one, with the phonics screen to complete. The children have worked hard in phonics and we are proud of them all. You should have received information about this, but if you have any questions about any of this information then please get in touch. via email, telephone, or Seesaw.

Many Thanks

Sally McMillan
