

## ENGLISH

### **Non-Fiction**

#### Instructions

Children will learn to write lists and instructions using 'bossy' verbs. We will start to recognise the features of instructions and have fun following instructions, too.

#### Key Stories

We will use the Talk4Writing approach to learn our own version of Room on the Broom by Julia Donaldson before innovating the story and writing our own story sentences.

#### Poetry

We will explore pattern and rhyme in poems. Children will be able to perform a poem keeping time and to recite some poems by heart

## SCIENCE

In Science lessons, we will investigate, 'How well do I know myself?' by exploring our five senses, naming our body parts and thinking about how we use our bodies.

We will then move on to a 'Materials' topic; naming everyday materials, exploring the properties of these materials and investigating what our favourite toys are made from.

## Year 1 – Autumn 2

## HISTORY

In History lessons, we will be exploring, 'How were our grandparents toys different to ours?' We will develop children's awareness of the past; exploring similarities and differences between schools and toys now and when grandparents were children.

## MATHS

This half term, we will continue to learn about addition and subtraction and then geometry. Children will learn to:

- Use part-whole models
- Write number sentences
- Find fact families using addition facts
- Find number bonds within 10
- Find number bonds to 10
- Add together and add more
- Find a part
- Subtract by taking away/crossing out
- Add and subtract on a number line
- To recognise, name, sort and make patterns with 2D and 3D shapes

## P.E.

We will continue to explore and develop our fundamental movements with Lewis from the Newcastle United Foundation.

We will develop our dance skills in our other PE sessions, with a fireworks theme!

## RE

In RE lessons, we will explore the festivals of Christmas and Hanukkah.

## PSHE

Our topic this half term is, 'Celebrating Difference.' Each week we will spend time celebrating the differences in everyone.

## MUSIC

We will develop our skills in listening and appraising and be learning lots of new songs for our Christmas performance!

## COMPUTING

This half term we will focus on e-safety in our computing lessons. We will learn through stories and activities about why it is important to be safe online and how to be a safe digital citizen.

## DESIGN & TECHNOLOGY

In D&T lessons, we will learn about nutrition and find out the difference between a fruit and a vegetable. We will explore a range of fruit and vegetables and make smoothies.
