5th June 2023

Dear Parents and Children,

Welcome to the final half term of our year together in Squirrel class. Where has the time gone? Thank you very much to all of you who were able to come to the Year 3 assembly—it was a special morning. It's not long until our Year 4 children will take centre stage at their Leavers' assembly. We have started to talk to them about their roles and then rehearsals will begin before the big performance on 20th July!

There are more opportunities for you come into school this half term, in particular the Open Afternoon in July. There are also Transition events for all the children, whether they are moving up to Year 4 or up to Year 5 in Middle School. Keep an eye on the calendar on our website for dates, times and other details.

This half term is always special, but I am really looking forward to our visit to the Discovery Museum on Monday 26th June. More details will follow on Parent Mail. This is a great opportunity to enhance and consolidate our learning but also for the children to experience a museum.

As always, thank you very much for your on-going support, and please do not hesitate to contact me if you have any further questions or concerns during this half term. I look forward to seeing you at one of our Summer events.

Best wishes, Katharine McMeekan

LEARNING AT HOME

SPELLINGS: New lists and tests are both on Fridays.

TIMES TABLES: Tuesdays.

READING: Children should read at least 3 times a week at home, and regularly change their school reading books. Please remember to sign their planner to show that they have read and help them to complete their 'Book Worms'. Many are close to receiving their prize for completing this! They should have their **reading book and planner in school every day.**

Photo Gallery Highlights from last half term!

Miss Kelsey Cairns ends her time at Havannah First School on Friday 16th June. She has been great to work with and the children have enjoyed having her teach some of their lessons. We will miss her greatly when she leaves, but wish her many congratulations as she qualifies as a teacher and lots of luck as she embarks on her teaching career.

YEAR 4 REMINDER—The Multiplication Tables Check takes place between 5th and 16th June.
