

## ENGLISH

### PLAYSCRIPTS- The Witches

Skylarks will be looking closely at the features of a play script, the differences between play scripts and narratives and act out a short section of the play script. We will then use this knowledge to write our own version of 'The Witches'.

### INFORMATION TEXTS

Linking to our History topic, we will be writing information texts about Newcastle and shipbuilding on the River Tyne. We will be looking closely at the features and purpose of information texts and using this within our writing.

### POETRY-IMAGERY

Our poetry unit for this half term focuses on 'imagery which means poems using figurative language in a way that appeals to our physical senses as well as creating an image for the reader. We will read and perform poems showing our understanding

## Skylark's Summer Term 2

### HISTORY- Shipbuilding on the River Tyne

In History this half term, we will be learning about how the River Tyne was used to for ship building in the past. We will locate well known shipyards using maps, find out about jobs that people did in the shipyards and some of the famous ships that were built on the Tyne. We will also learn about the part shipyard workers and Ellen Wilkinson MP played in the Jarrow Crusade.

## MATHS

### Shape

Understand angles as turns  
Identify, compare and order angles  
Triangles, Quadrilaterals, Polygons  
Lines of symmetry, symmetric figures

### Statistics

Interpret charts and line graphs  
Comparison, sum and difference  
Draw line graphs

### Position and direction

Describe position using coordinates  
Plot coordinates  
Draw 2-D shapes on a grid  
Translate on a grid  
Describe translation on a grid

## COMPUTING

### Micro Bits and Book Creator

In Computing this half term, Mr Hughes from GEM Education will be working with us on Micro Bits. We will also be using Book Creator on the IPADS to design a book on memories of Broadway East/Havannah using the book creator app. We will look at presentation, using different fonts and colours for effect and importing pictures from the school network.

## SCIENCE:

### Living things and their habitats- classification

In Science, we will be extending our learning of living things and their habitats to look closer at classification. We will be exploring how living things can be classified and recognise that they can be grouped in a variety of ways. We will ask relevant scientific questions and gather and record our findings to support our classifications.

## PE

### Tennis and Athletics

In PE this half term, we will be working outdoors (when the weather allows) to develop our skills for these sports.

Teamwork, communication and cooperation will be themes running throughout the lessons alongside the skill development.

## RE

### Religions in the Local Community

In RE this half term, pupils will learn about religion in their local area by collecting and interpreting the evidence from a range of sources. They develop their understanding of the ways in which individuals and communities express their religious identity.

## MUSIC

### Pocket Trumpets

In Music this half term, we will be developing our trumpet skills further with Mr Rudkin from the Newcastle Music Service and representing notation using Charanga.

## PHSE

### Changing Me

In PHSE this half term, we will be exploring how puberty affects males and females. We will also be learning in an age appropriate way, how babies are made.

## SPANISH

### Family

In Spanish, we will learn the words for different family members. We will be able to describe our own family and also spell words and names in Spanish using the Spanish alphabet.

## DT

### Adapting a recipe/Torches

We will be following a recipe, trying recipes and then adapting a recipe by adding own on ingredient to it.

We will also be identifying electrical products, help make a working switch, identify features of torches and create designs suitable to a specific brief.
