

# Year 3 Newsletter

3<sup>rd</sup> March 2025

Dear Parents, Carers and Children,

Welcome back! We have already had an exciting first week back with World Book Day celebrations happening throughout the week and a trip to Safetyworks.

This is the second half of the Spring term, with that we hope to see the weather warming up and some blue skies and sunshine for us to enjoy. The drier and warmer weather is always appreciated for our PE lessons!

We are looking forward to our new topics this half term, especially Ancient Greece as our new History unit. We spent last half term learning about a region of Greece in geography so we should be able to make some excellent comparisons! We are also learning about Magnets in Science and Eating Seasonally in DT. Our RE learning focuses on Easter and we will block this with our 'Craft' unit in Art to create a themed week in the last week of this half term. More details can be found in the attached overview.

As always, thank you very much for your on-going support. We hope your immediate questions are answered by the information provided here and in the overview, but please do not hesitate to contact us if you have any further questions or concerns during this half term.

Best wishes,  
Claire Henderson and Katharine McMeekan

**PE DAYS.** There is no change to the PE Days. Monday and Thursday for Squirrel Class and Monday and Wednesday for Deer Class. Children should have PE kits (t-shirt and shorts) including suitable shoes. They can also bring additional layers to keep warm during our lessons that take place outside. Long hair must be tied up and earrings removed or covered.

**READING AND PLANNERS** Please continue to encourage the children to bring their planner into school each day and support them in recording the reading that they do at home too. We ask that the children read at home regularly, with an aim of at least 3 times a week.

**SAVE THE DATE!** The Year 3 assembly is planned for Thursday 26th June. We hope to see you there!
