

ENGLISH FABLES

During this unit, the children will read a range of fables and identify their features including the moral message that the fable teaches the reader. They will use this knowledge to plan and write their own version of a fable that they have read.

INSTRUCTIONS.

In this unit, the children will read and follow a range of sets of instructions. After identifying the features, they will use this knowledge to write their own instructions for specific tasks using their learning in their own writing.

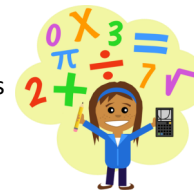

Year 3 Spring Term 2

HISTORY: Ancient Greece

We will be learning about how historians how found out so much about this period of time. We will find out about Greek City States and compare life in Athens and Sparta. We will also find out about the legacy of Ancient Greece as shown in the Olympic Games.

MATHS Fractions (continued)

Understand the whole
Compare and order non-unit fractions
Fractions and scales
Fractions on a number line
Count in fractions on a number line
Equivalent fractions on a number line.
Equivalent fractions as bar models.

Mass and Capacity

Use scales
Measure mass in grams and kilograms
Add and subtract mass and capacity
Equivalent masses (grams and kilograms)
Compare mass Add and subtract mass
Measure capacity and volume in litres and millilitres
Equivalent capacities and volumes (litres and millilitres)
Compare, add and subtract capacity and volume.

COMPUTING

Comic Life and Book Creator

We will use laptops and iPads to learn the skills that are needed to use the 'Comic Life' software and 'Book Creator' app to share our learning from other areas of the curriculum such as History. We will combine text, images and sound to tell others what we know.

SCIENCE: Forces and Magnets

In Science this half term, we will be looking at forces and magnets and learning what it means to attract or repel. We will explore magnetic materials and set up a fair test to draw conclusions from. We will also identify North and South poles and how these affect magnetism, and compare how objects move on different surfaces.

PE

Cricket and Basketball

In PE this half term, we will be working outdoors (when the weather allows) to develop our skill for these team sports. Teamwork, communication and cooperation will be themes running throughout the lessons alongside the skill development.

RE

Meanings within Easter

We will learn about significant dates during the Easter period and why these are important to Christians. We will also learn about how these are celebrated.

MUSIC

Ceilidh

This half term's music lessons will be spent working with teachers from Music Partnership North East to explore ceilidh music, responding to it, performing and learning about this genre of music.

PHSE

Health and Well being

In PHSE, we will develop an understanding that a healthy lifestyle includes physical activity, a balanced diet, and rest and relaxation. We will explore identity through groups we belong to, and how our strengths can be used to help others; learning how to solve problems by breaking them down into achievable steps.

SPANISH

The Body

We will revisit previously learnt skills and vocabulary and use these to extend our learning of names of body parts in Spanish.

DT— Eating seasonally

We will learn that fruits & vegetables grow in different countries based on their climates & understand that 'seasonal' fruits & vegetables are those that grow in a given season. We will also design our own tart recipe using this learning and apply basic rules of food hygiene.

Art— Craft

We will create mood boards as inspiration, learning to tie-dye, weaving and sewing to create a range of effects using fabric.
