Skylark Class News

Times Table Rockstars

The progress that we are making with our times tables knowledge is astounding and I am so proud of everybody for working so hard to learn this vital skill! Children may have told you that we are currently 10th on the leader board of nearby schools on TTRS – Keep practising and hopefully Havannah will be able to take first place!

Dear parents and carers,

I hope you all had a lovely half term!

We have passed the half way mark in Year 4 which I cannot believe—time flies when you're having fun! We have lots of exciting things planned for this next half term and we can't wait to get started!

I hope this newsletter answers any immediate questions you may have but please don't hesitate to get in touch if you have any questions.

Many thanks,

Erin Campbell

Segedunum

We are learning about the Romans this half term and to enrich our learning, we are going to Segedunum on Friday 11th April.m More information will follow in the coming weeks.

Instagram

We have moved from Twitter/X! We will now be posting lots of our fantastic achievements and activities on Instagram, our handle is **havannah1st** - Please follow us!

Reading

A reminder that children can change their books on any day. Please ensure that your child has their planner in school every day as well. We read with the children frequently at school and it would be very much appreciated if you could encourage your child to read as often as possible at home, too. Thank you for your continued support.

Multiplication Tables Check

All Year 4 children across the country will participate in the Multiplication Tables Check in June 2024. Further information will be provided closer to the time but in the meantime it is crucial that children know their multiplication tables and are able to recall these facts quickly and fluently. We are working on them in school but any further work at home will be much appreciated. Children can also access Times Tables Rockstars and a practice MTC check at: https://mathsframe.co.uk/en/resources/resource/477/MultiplicationTablesCheck
