

## Long Term Plan for MFL

### Havannah First School MFL Units and Coverage

The Units which are taught at Havannah are based on the North Tyneside MFL Scheme of Work, which it was decided would be used across the Gosforth Schools' Trust. The chosen language is Spanish and this was also agreed as the language which would be taught across the Trust.

In 2020, at an MFL Trust Network Meeting, it was decided that we should agree on key units and vocabulary that all First schools should teach to help prepare children for when they transition to Middle School. This has still yet to be decided and defined.

This is what the LTP model will look like when children are taught in pure year group classes. Due to the nature of the mixed age class and the fact that language learning is developmental, please refer to the old two year cycle of topics.
